

# THE MARINE & SHIPPING LAW UNIT TWILIGHT SEMINAR

Tuesday 1 May 2018  
5.15pm for a 5.30pm start

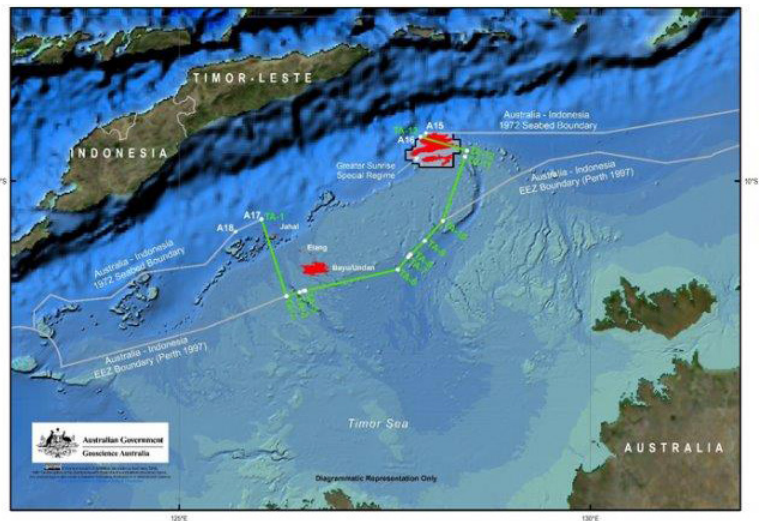

## Australian-Timor Leste Maritime Boundary – Developments and Issues

On 6 March 2018, the Australian and Timor-Leste governments signed an historic treaty that establishes a permanent maritime boundary in the Timor Sea and a framework for developing the vast oil and gas reserves that lie between the two States. The agreement was the result of the first-ever Compulsory Conciliation proceedings under the United Nations Convention on the Law of the Sea and was a landmark moment for the two States and the resolution of complex disputes under international law more generally.

This free seminar will outline the past history over the maritime boundary agreement, in addition to the details of the new agreement. The discussion will also focus on some of the remaining issues between the two States, including the development of the Greater Sunrise field.”
