Career Opportunity

Law students

*Are you looking for a unique work experience opportunity?*

Do you want exposure to: litigation and advocacy * multi-disciplinary investigative teams * coercive hearings * public inquiries * corporate legal work

The Queensland Crime and Corruption Commission (CCC) is an independent agency combating major crime and reducing corruption in Queensland. We are driven by our vision of “safe communities supported by fair and ethical public institutions with an agency focus on those matters of highest threat to the Queensland community”. The CCC is the only Australian integrity agency to investigate both crime and corruption, provide oversight of the police and public sector and protect witnesses. To execute these functions, the CC Act and other legislation give the CCC investigative powers not available to the police or any other state government agency in conducting an investigation.

We employ professionals from a range of disciplines to reduce the incidence of major crime and corruption in Queensland. Day to day our lawyers are involved in litigation and advocacy, multi-disciplinary investigative teams, coercive hearings, public inquiries and corporate legal activities. The breadth of experience available at the CCC is unparalleled. At the CCC, you will be exposed to legal issues you will not find elsewhere.

The CCC is now seeking applications for a **two week unpaid work experience placement to be completed between 24 June and 19 July 2019**. This opportunity is open to third year students in the Bachelor of Laws program. The CCC is an inclusive and diverse workplace; applicants from Aboriginal or Torres Strait Islander backgrounds, from culturally and linguistically diverse backgrounds, or living with disability are strongly encouraged to apply.

**How to apply:**
Please apply to jo.williams@uq.edu.au with your resume and a cover letter addressing the questions below. Students must respond to each question in 300 words or less:

1. What is your motivation to undertake work experience at the CCC?
2. What emerging issues in law are likely to impact the CCC in the next 10 years?
3. How has your study to date prepared you for work experience at the CCC?

Applications will be considered by a panel of CCC employees and a short-list of candidates will be invited to interview. Everyone at the CCC, including work experience students must receive a “Highly Protected” security clearance. The vetting process will be conducted following the interviews and offers will not be made until clearance is provided.

For more information about the CCC and what we do, visit our website at [www.ccc.qld.gov.au](http://www.ccc.qld.gov.au).
